

BIODIVERSITY ROAD MAP FROM THE FARMER'S VIEWPOINT

Juha Marttila
2.4.2024

3.4.2024

MISSION:

WE WORK TO PROTECT
BIODIVERSITY IN A WAY THAT
HALTS THE LOSSES LINKED TO
AGRICULTURE AND FORESTRY
AND PUTS IT ON A PATH TO

RECOVERY

**GRAZING
ANIMALS ARE THE
KEY**

**MORE FOREST
PASTURES ARE
NEEDED**

**LET'S PLAY HIDE
AND SEEK**

**PRIVATE FIELDS ARE
SOMETIMES
COMMON PROPERTY**

**THERE ARE MANY
PRESSURES ON
LAND USE —
COORDINATION IS
NEEDED**

**FORESTRY AND
NATURE VALUES
CAN BE COMBINED**

AVERAGE CLEAR- CUTTING IN PRIVATE FORESTS

**MULTIFUNCTIONAL
FORESTRY MUST
COMBINE
DIFFERENT TARGETS**

**EVERYMAN'S
RIGHTS GUARANTEE
THAT THERE ARE
MANY KINDS OF
FOREST PEOPLE**

**GOOD CONDITION
OF THE WATERWAYS
IS IMPORTANT FOR
THE LOCAL
FARMERS**

**AFTER ALL,
FORESTRY IS
QUITE
COMPLICATED, HE
SAID**

Kiitos!
